Email :- [shanmukhigandham16@gmail.com](mailto:shanmukhigandham16@gmail.com)

Ph.no : 9390035701

## SUMMARY

---

Motivated and enthusiastic fresher with a strong passion for coding and a Bachelor's degree in Civil Engineering. Proficient in Python, JavaScript, SQL. Strong problem-solving skills and a quick learner. Seeking opportunities to apply my skills and contribute to software engineering projects.

## TECHNICAL SKILLS

---

**Programming Languages** –Python, JavaScript

**Other Tech** – SQL, Html5, CSS3, ReactJS, NodeJS, API integration, Redux, Bootstrap

**College Coursework** – Data Structures, Database Management System, Object Oriented Programming

**Soft Skills** – Communication, Adaptability, Analytical Thinking

## CERTIFICATIONS

---

### Software Engineering Virtual Internship by JP Morgan Chase & Co.

- Developed a stock price data feed interface, leveraging JPMorgan Chase & Co. frameworks and tools.
- Designed and implemented data visualizations using Perspective tool, enhancing the trading dashboard for efficient data analysis.

**SKILLS USED:** Python, ReactJS, Git

## PROJECTS

---

### MediConverse – A Chat Application

- Developed using ReactJS on the front-end, NodeJS on the back-end, and it is powered by Stream API for real-time chat functionality.
- Implemented key features like user authentication, media sharing and channels creation.

*Git repository:* <https://github.com/Shanmukhi-gandham02/medi-converse>

### ShopNest– An e-commerce Application

- Developed an e-commerce web application using ReactJS, Firebase and redux for state management.
- Implemented key features like user authentication, cart and checkout functionality.

## EDUCATION

---

2019-2023 - Bachelors of Technology (Civil Engineering) – NIT Durgapur – CGPA: 8.29

2017-2019 - 12th Standard – Sri Chaitanya College – Percentage: 97.3%
